PROVEN PERFORMANCE

Easycrush 2026 delivers unparalleled performance, providing a consistent, fine powder that facilitates easy medication administering and enhances the overall healthcare staff experience and therapy adherence (compliance)

HIGHLIGHTS

****Large Capacity****: With its innovative large cup design, the Easycrush 2026 allows you to crush up to 8 standard pills at once, significantly reducing the time and effort required for medication preparation.

****Ergonomic Design****: The device is engineered for ease of use, featuring an ergonomic grip that ensures a comfortable handling experience, even for individuals with limited hand strength.

****Durable Construction****: Made in Denmark, the Easycrush 2026 is built with high-quality materials that ensure durability and longevity, providing reliable service for years to come.

****Portable and Stationary Use****: This pill crusher is lightweight and compact, making it easy to carry around for on-the-go use. At the same time, it is sturdy enough to remain stationary on a countertop or bedside table, giving you the best of both worlds.

****Easy to Clean****: The design of the Easycrush 2026 allows for quick and hassle-free cleaning, ensuring that it remains hygienic and ready for use at all times.

MEDICINE GRINDER

A WORD FROM OUR CO-FOUNDER

HENK HOPPENTOCHT

“At Easycrush, our mission has always been simple: to create technology that improves care while protecting those who provide it. With Easycrush 2026, we’ve taken a giant step forward. This is more than just a pill crusher—it’s a tool designed to safeguard healthcare professionals from harmful dust exposure, to give patients the dignity of precision and consistency, and to save valuable time in busy medical environments.

We developed Easycrush 2026 together with nurses, pharmacists, and care professionals

across the world. Their insights shaped a device that is quieter, safer, faster, and more sustainable than anything before it. It’s not just about crushing medication—it’s about making the everyday workflow in healthcare smarter, safer, and more human.

At Easycrush, innovation is never just about the machine—it’s about the people who use it and the lives it helps improve.”*

— Henk H., Sales Manager, Co-Founder

FUTURE OF THE COMPANY

CRUSHING THE LIMITS OF INNOVATION

FASTER, QUIETER, AND SAFER.
EASYCRUSH 2026 PROTECTS
CAREGIVERS, ENSURES PRECISE
DOSING, AND SAVES TIME—SETTING
A NEW GLOBAL STANDARD IN
MEDICATION PREPARATION.

THE FUTURE OF PILL ADMINISTERING

At Easycrush, we see the future of healthcare as safer, smarter, and more sustainable. Our ambition is to lead the global transformation of medication handling by developing innovative solutions that protect caregivers, improve patient outcomes, and reduce environmental impact.

Building on the success of Easycrush 2026, we will continue to invest in research, technology, and partnerships that expand our reach and strengthen our impact in hospitals, pharmacies, care homes, and home care environments worldwide.

We are shaping a future where every healthcare professional has access to reliable, dust-free, and efficient tools—because innovation in medication preparation is innovation in patient care.
